The BOAF Florida Building Code Seminar Program provides a total of 14 hours of approved continuing education designed to meet State mandated licensing requirements (total of 14 hours for contractors and code officials). Whether you are a code official, contractor or an architect or engineer, attending one of BOAF's two-day seminar programs may satisfy some or all of your state-mandated training and continuing education requirements for licensure.

## COURSE & PROVIDER INFORMATION

### BCAIB/CILB Provider #001001

#### Day 1

Day 1 Registration 7:30—8 :00

Time: 8:00—11:00

Course: Interpreting the Florida Existing Building Code

Credit: 3 Hours

Description: This course provides an in-depth discussion of the FBC—Existing Building Code. Topics include application of the code, classification of work, repairs, additions and the three levels of alteration.

Time: 11:00—12:00 noon

Course: Workers Compensation

Credit: 1 Hour

Description: This course is designed to familiarize participants with Workers' Compensation laws. Topics include workers and employers rights, coverage limits, liability, the role of the building department, workplace safety and penalties.

Time: 1:00—2:00

Course: Workplace Safety

Credit: 1 Hour

Description: It is the intent of this course to familiarize participants with construction job site safety concepts and practices. OSHA requirements and responsibilities as well as specific hazards and injury prevention techniques are addressed.

Time: 2:00—4:00

Course: BCAIB & CILB Laws & Rules

Credit: 2 Hour

Description: Designed to present the requirements of the recent legislation, this course addresses the requirements for the mandate.

#### Please Note:

Lunch will be provided each day at all seminars.

**Photo is ID REQUIRED for admission each day to receive credit!**

### FBPE Provider #0004587, Area of Practice (AOP)

### AIA Provider #G532

#### Day 2

Day 2 Registration 7:30—8 :00

Time: 8:00—10:00

Course: The Florida Accessibility Code & Fair Housing Guidelines

Credit: 2 Hours

Description: This course is designed to provide a review of the Florida Accessibility Code requirements and an in-depth look at the requirements of the Fair Housing Guidelines.

Time: 10:00—12:00

Course: Advanced Mitigation Retrofits

Credit: 2 Hours

Description: This course provides specific information regarding the strengthening of pre-FBC site constructed single family homes against hurricane force winds as required under the FBC—Existing Building Volume.

Time: 1:00—3:00

Course: Residential Building Planning

Credit: 2 Hours

Description: This course provides an overview of FBC-R Ch. 3 with detailed instruction on the requirements for structural integrity, life and fire safety, and livability for the occupants of a single family dwelling.

Time 3:00—4:00

Course: Ethics in Construction

Credit: 1 Hour

Description: Ethical behavior has been moved to the forefront in society today. Construction professionals will be presented with real life scenarios intended to illustrate what is or is not acceptable in the current socio-economic times.

Certificates will be provided for each day of attendance

Course approval numbers are listed on page 1 of this brochure
